DESCRIPTION AND PURPOSE:

These products continued production for 20years. However, it became very difficult for us to continue shipping these products, because of aging of the facilities for QIP100D, QIP80D and QIP60C.

Based upon the foregoing, about the shipment of this product, we want to assume December 31, 2013 last shipment. We wish you understand this matter. In addition, we want you to refer to an attached document.

SANYO Semiconductor wishes to promptly inform our customers of our intent to exit this small portion of our overall portfolio, so that you may plan appropriately and effectively.
